

# Saddle My Pony

## Howlin' Wolf

Saddle my Pony, Saddle up my Brown mare  
Saddle my Pony, Saddle up my Brown mare  
I'm gonna find my baby, out in the world somewhere  
Something to tell you, when I get a chance  
Something to tell you, when I get a chance  
I don't wanna marry, just wanna be your mare  
Since my baby got a house, by that railroad steel  
Come here baby tell dad, how you feel  
Saddle up my pony, saddle up my brown mare  
I'm gonna find my baby, out in the world somewhere
