Dem man dem willing fi spend any amount o' cash,  
Fi get a quieter mouth and a tighter poonash,  
Fi get a respectful gyal weh no search man phone  
Dem would a give up all house and home  
Dem man a feel fi a gyal weh no beg  
Everytime him seh him a chill out wid him friend  
Gyal weh no get vex and lock off de poonash,  
Every time him go watch a little Reggae Boys' match

To the rescue,  
Move out de gyal dem weh a stress you  
Walk out fi perform a slave roun' here  
Cause some gyal won't behave roun' here  
Ah wha me say, this is a rescue,  
Run way di gyal dem weh a stress you  
Walk out fi perform a slave roun' here  
Cause some gyal nuh behave roun' here

Verse 2:

Wha me say,  
Well if your sex life is bed course  
We ah de first pon de scene like de Red Cross  
Tell a gyal we no search, we just rescue  
If you run him , nuh get vex when him lef' you  
Rememba you a de one where him chase, u de spouse  
Fi put on you gas mask, tek him outta de dirty house  
Nuh tek it personal, whether gyal help him out  
Place him burden pon you,  
We give him mouth to mouth

Rememba de angel ah snuggle ina yuh arms this mornin' jus' might be de devil in someone else's arms tonight

Someone fight, yow

Chorus

Verse 3:

Ah nuff a dem wan' fi know who we  
Cause from dem work below 2G  
Like some plain old tired movie  
Ah nuff a dem get retired through we  
Tell dem how we enter de Hall of Fame  
Through a talk, mek me cut off de ball and chain  
Massage yuh neck and get rid o' yuh pain  
Gyal seh 'Ooh We', tell she wha we name

Chorus

Dem call we rescue...

Verse 4:

Dem man dem send out dem S.O.S, O.S  
Tell dem man dem we ah work fi protect dem interest  
Cause some gyal out dere have man under pure stress  
So we ah rescue de one dere weh we check fi di best..  
So if a gyal wan' fight, it's jus' a waste of time  
Cause every man still have de right fi change him mind  
Wan' live inna denial and act like you blind  
But one day soon you might wake up and find  
That de angel ah snuggle inna yuh arms this mornin' jus' might be de devil in someone else's arms tonight  
Someone fight

Chorus (till end)
