Goodbye Letters

Nonpoint

Maybe I'm the one that we should be blaming
I got a way of being a person who is sadly mistaken anyway
Don't know why but some reason I'm always leaving in a way that leaves a bad taste and I bet you won't believe emSo your questions
Get em off me
My reasons
That are of them
Your easy minded under handed intentions
I'm seeing so
So your questions
Get em off me
My reasons
A mirror
Without all of the over dramatic goodbye letters
This is where we say goodbye
To you and I
I'm making this goodbye letter out to you
So this is where we say goodbye
To you and I
I'm making this goodbye letter out to youDear person I use to worship you look too grazed to me
No more getting down on my knees from me
You won't have to read between any lines
I'll make it plain and simple
And let me sharpen my pencil
I have ages for us to discuss
You'll be turning pages so long that your fingers are gunna be numb
I know the truth that your trying to adjust the story back in your favor some reason you figure me nuts
This is where we say goodbye
To you and I
I'm making this goodbye letter out to you
So this is where we say goodbye
To you and I
I'm making this goodbye letter out to youYou think I'd care you'd be lonely
Why you would think it would matter now
Is exactly why your in this Web
No
So let's get back to reality
And stop pretending that there's a way
To pretend that we are right back there

NoThis is where we say goodbye
To you and I
I'm making this goodbye letter out to you
So this is where we say goodbye
To you and I
I'm making this goodbye letter out to youI'm making this goodbye letter out to you
