

Beyond the Black Hole

Gamma Ray

I have come from so far away from the sunlight of my home
And I have seen it's the only way now my sun is dead and gone
I raise my head in silent anger seems there is no
place for me

The only way out is to go where no one's gone before
Fly
Beyond the gates of space and time another universe is mine
And I can't wait until tomorrow

Ride

There is a call from deep within no I won't return again
'Cause I will dive into the black hole
Don't wait for me

'Cause I won't come back

Oh don't wait for me

No I won't come back

Oh don't wait for me

No I won't come back

Oh oh oh Thunder and lightning and fire are guiding the trip of my life
Insatiable burning desire as into the unknown I dive
I raise my head in silent anger seems there is no place for me

The only way out is to go where no one's gone before
Fly
Beyond the gates of space and time another universe is mine
And I can't wait until tomorrow

Ride

There is a call from deep within no I won't return again
'Cause I will dive into the black hole
Don't wait for me

'Cause I won't come back

Oh don't wait for me

No I won't come back

Oh don't wait for me

No I won't come back

Oh oh oh don't wait
There was a trigger for my decision it's right behind my eyes
Into the darkness of my vision I let my spirit rise
I wanna see the black hole in to the dark

I wanna dive in to the black hole down in to the dark

In to the black hole in to the dark

In to the spiral in to the dark the dark the dark
If there's a possible chance for something that can be called future

Behind the spiral the only way to find out

Is to leave the final frontier to eternity and fly
I will fly

Beyond the gates of space and time I leave the universe behind

And I can't wait until tomorrow

Fly

Beyond the gates of space and time I know the universe is mine

'Cause I will dive into the black hole

Ride

And there's a call from deep within I know I won't return again
'Cause I will dive into the black hole Don't wait for me 'cause I won't come back
Oh don't wait for me no I won't come back
Oh don't wait for me no I won't come back
Don't wait for me 'cause I won't come back
Oh don't wait for me no I won't come back
Oh don't wait for me no I won't come back
Oh oh oh don't wait
