No Looking Back

Damita

Verse 1
I?m leaving this place now
Letting go of all my fears
Saying goodbye to the memories I hold dear
I can finally breathe again
It?s a new day fails I'll pass
As I close this chapter
I?m set free at last

CHORUS
Oooh oooh I say
I made up my mind
There?s no turning back
The past is behind me
There?s no looking back
I?m looking forward not behind
I made the decision to give you my life
Ooh
And there?s no looking back
OOH I
And there?s no looking back
And there?s no look yeaaaa back

Verse 2
Every Step I take is new
I found courage to go on
Though its rough sometimes
I stil have to be strong
I may have to walk alone
But the one who lives inside
Me is always there to comfort
And to guide

And I wanna say

CHORUS

Verse 3
I can see the sun breaking through the clouds
Lift my hands causes I?m alright right now

I can shout about it
I can laugh about it
I can talk about it

OOOOHHHHOOHHHH 5x

Said there?s no looking back x4

OOOOHHHOOHHH x6

(said there?s no looking back x4

I can see my way out

-yeah, said there's
No looking back, said there's no looking back yeah
CHORUS
