

No Looking Back

Damita

Verse 1

I'm leaving this place now
Letting go of all my fears
Saying goodbye to the memories I hold dear
I can finally breathe again
It's a new day falls I'll pass
As I close this chapter
I'm set free at last

CHORUS

Ooh ooh I say
I made up my mind
There's no turning back
The past is behind me
There's no looking back
I'm looking forward not behind
I made the decision to give you my life
Ooh
And there's no looking back
OOH I
And there's no looking back
And there's no look yeaaaa back

Verse 2

Every Step I take is new
I found courage to go on
Though its rough sometimes
I stil have to be strong
I may have to walk alone
But the one who lives inside
Me is always there to comfort
And to guide

And I wanna say

CHORUS

Verse 3

I can see the sun breaking through the clouds
Lift my hands causes I'm alright right now

I can shout about it
I can laugh about it
I can talk about it

OOOOHHHHOOHHHH 5x

Said there's no looking back x4

OOOOHHHHOOHHHH x6

(said there's no looking back x4

I can see my way out

-yeah, said there's

No looking back, said there's no looking back yeah

CHORUS
