

# Days of Decay

## Reactive Black

Iâ€™m awaiting the darkness  
Iâ€™m awaiting the other side  
I called for the demon  
To be my guide on the fall into the light

Beware of those liars  
Face to face with hate  
Gloomy lights of darkness  
So warm, so bright  
And always by my side

So I called on the darkness  
So I challenged my gods  
Casting out of heaven  
Angels still falling from disgrace

I took care of my dreams  
But now Iâ€™ve lost myself  
Gloomy lights of darkness  
So warm, so bright  
And always by my side

My fall into the darkness  
Is like a fall into the light  
My fall into the darkness  
So warm and so bright

My fall into my darkness  
In these days of decay  
Surely nothing lasts forever  
But I will stay
