

Gotham City

K-os

[ASAP Ferg]Point em out where he at

Chrome .9 point the mac

Sit him down, in the trap

Four pound for the strap

Big guns go BRAP!

ASAP where it's at

Real niggas all black

Sip lean so relax

Point em out where he at

Chrome .9 point the mac

Sit him down in the trap

Four pound for the strap

Big guns go BRAP!

ASAP where it's at

Real niggas all black

Cozy boy so relax

Young Trap Lord, diamonds and fur

Ride or die boy nigga get murked

Pull a 9 boy he played with the dirt

Layin' on who? Sleep in the earth

She feel on my clothes, she lifting her skirt

She say she love coke, she sniffin the work

Semi auto Tec, guns go flur

Bang bang bang ...

She wanting my body, pursuing my colleagues

Versace, my eyelids but it Yves Saint-Laurent me

Twelvy in Huraches and Margiela on Rocky

Yohji Yamamoto for Ty Nast and Ty Beats

Fuck bitches that's on me

Wack bitches move kindly

Last niggas of a dying breed

Yeah me, myself, and Irene

Niggas hear them sirens

When that fo' fif' and that 9 squeeze

China bitch sip sake

While I chop that ass with that Tommy

Point em out where he at

Chrome .9 point the mac

Sit him down, in the trap

Four pound for the strap
Big guns go BRAP!
ASAP where it's at
Real niggas all black
Sip lean so relax
Point em out where he at
Chrome .9 point the mac
Sit him down in the trap
Four pound for the strap
Big guns go BRAP!
ASAP where it's at

[ASAP Twelvyy]We all want that Meech money

My eyes open cause the streets hungry
A new Jack fuckin' G-money

Niggas dead over sneak money
Shit ain't sweet honey
The streets love me right here is in the peach rugby
I go hard cause the niggas thought the least of me

I'm a greedy nigga stuff in my face
Gettin' money, fuckin' bitches yeah them stuck in my ways
