Guijo St. (Makes You Wonder)

Apartel

(makes me wonder) aparteL

When I saw you
I could not believe my eyes
I implore you baby
I've got no alibis
When its down to the wire
You just keep me hanggin on ..

chor ..

Hey its been a while
Its makes you wonder why
We've have to say goodbye
Baby we don't have to try
But it makes you wonder why
It makes you wonder why ..
Words unspoken
Just waiting for a sign
Don't be broken baby
when heart is on the line
so many time's then i hurt you back
and it so so sad..
it seem that we've been here ...
baby dont you cry ..

will find away ...
ohhm ohh !
will dont you cry
will find away, find away ..
to high ..
so high ..
will find away find away ..
have to try ..dont you cry baby ..
