Feel The Fire

Masterboy

try me out, take a chance
it's up to you in your hands
trust in me
have no fear tell me where we go from herebaby baby don't say maybe
come on show me whats the way we take
high and tire
baby can you feel the fireI, I feel the fire, I feel the fire
ride when i look at you
I feel my desire, feel my desire
you've got me hooked on you
feel the fire, burning desire,
give me love not a fantasy,
feel the fire, burning desire,
you and me come on set me free
life goes on as it seems,
love, you know what it means
care and share, to love and to give
someone loses, someone winsfeelings, you don't have to hide,
fire that burns inside
if you give up you will lose
live your life the way you choosechorus
I, I feel the fire, I feel the fire
rise when I look at you
I, feel my desire, feel my desire
you've got me hooked on you
feel the fire, burnig desire
give me love not a fantasy
feel the fire, burning desire,
you and me come on set me free
chorus(X2)
