

# Heart Beats

## JOHNNYSWIM

I wanna run where no one else can follow me  
Find a calm from the wreckage and the danger of this swelling sea  
Ooh Ooh Ooh Ooh Ooh Ooh Ooh Ooh Ooh Ooh  
I'm just a girl from dust I came and I'll return  
So please don't spare your mercy  
I need your love at every turn[CHORUS:]  
I feel it when my heart beats  
Every time my heart beats  
I feel it when my heart beats  
Every time my heart beats  
Ooh Ooh Ooh Ooh Ooh Ooh Ooh Ooh Ooh Ooh[VERSE 2:]  
I'm born to go where they tell me it's impossible  
Fan the flame and walk on the water  
I've got heaven locked up in these bones[CHORUS 2X][VERSE 3:]  
I feel it coursing through my veins like fire  
And I  
feel you coursing through my veins like fire  
I feel it coursing through my veins like fire  
And I  
feel you coursing through my veins like fire I feel it when my heart beats[CHORUS] I'm just a girl from dust I  
came and I'll return  
So please don't spare your mercy  
I need your love at every turn
