

# The Only One I Know

## The Charlatans

He only one I know  
Has come to take me away  
The only one I know  
Is mine when she stitches me

The only one I see  
Has found an aching in me  
The only one I see  
Has turned her tongue into me

Everyone has been burned before  
Everybody knows the pain

The only one I know  
Never cries, never opened her eyes  
The only one I know  
Wide awake then she's away  
She's away, she's away

The only one I see  
Is mine when she walks on the street  
The only one I see  
Has carved her way into me, into me

Everyone has been burned before  
Everybody knows the pain  
And everyone has been burned before  
And everybody knows the pain, pain

Everyone has been burned before  
And everybody knows the pain  
Everyone has been burned before  
Everybody knows the pain, the pain

Everyone has been burned before  
And everybody knows the pain  
Everyone has been burned before  
Everybody knows the pain, the pain
