# A Wonder

## The Gregory Brothers

It?s been 18 months, you?ve stopped smoking cigarettes
And quit the job, all to settle the bet
Were you at noon, played the Russian roulette
And she got the smile and she skipped but a step
And it?s a fine time just to see your face
It?s a fine time just a touch of shade
It?s a fine time just to feel that way
It?s a fine time, such a fine time
A wonder, it would be so nice
If I could take you with me tonight
And have you been to my quality of life?
If I could take you with me
A wonder, it would be so nice
If I could take you with me tonight
And have you been to my quality of life?
If I could take you with me
The rogue guys on the seven, double dial on 11

Trying to be forgiven for the sins I?ve committed
Wish to include you in my vision
Travel every day with the laws to the gifted
I would take you to the south of France
Even though I never had a chance
I?ve gotta go to Mexico to feed my soul so
Wish you would come along, come along
A wonder, it would be so nice
If I could take you with me tonight
And have you been to my quality of life?
If I could take you with me
A wonder, it would be so nice
If I could take you with me tonight
And have you been to my quality of life?
If I could take you with me
If I could take you with me
If I could take you with me
