White Icing

Cute Whore

The stars were bright, the moon was a vision
i enter the night on a white expeditionÂ
electricity, it fills the skies
a white sugar shimmer sparkles in my eyes

baby, itâ€™s all white
white like lightning in the sky
baby, itâ€™s all night
yeah, white icing all the timeÂ

white icing all the time
white icing all the time
white icing all the time
(sugar on my mind)

all the things you said i couldnâ€™t find
well i think i found my silver line
well i live my fantasy all the time
suddenly iâ€™m covered in light
and you know that itâ€™s real and iâ€™m feelinâ€™
and iâ€™m out for the night

baby, itâ€™s all white
white like lightning in the sky
baby, itâ€™s all night
yeah, white icing all the time

white icing all the time
white icing all the time
white icing all the time

all the snow you sold me
all the blow you told me i could do
you could show me lonely
i could show my only love to you
but the worldâ€™s so white that itâ€™s hard to see
and the sunâ€™s so hot that itâ€™s burning me
so i hit the lights cuzâ€™ the dark is better
i pray for rain cuzâ€™ i like it wetter

pop a perk and enjoy the moment
when something hurts, you just gotta own it
pop a perk and enjoy the moment
when somethingâ€™s hurting you, you just gotta own it

all the time

white icing all the time
white icing all the time

the power
the lightning
white icing
