

Life

Brides of Destruction

It seems so hard to stay so positive
I know how it feels
It just takes time, something's gotta give Don't let the negative
Steal the blue out of the sky
Don't leave it all behind This is life, this is it
It's not everything you want
It's everything you get, believe it
It's not worth leaving Yeah, this is life once again
It's been knockin' at your door
You ought to let it in, don't waste it
It's time you faced it It seems like years
Since you've known happiness
So down so long So calm your fears
And you'll get out of it
Just hang on So this is life, this is it
It's not everything you want
It's everything you get, believe it
It's not worth leaving Yeah, this is life once again
It's been knockin' at your door
You ought to let it in, don't waste it
It's time you faced it Why do you cry? Why do you cry?
Steal the blue out of the sky
Don't leave it all behind, yeah This is life once again
It's been knockin' at your door, don't waste it
It's time you faced it This is life, this is it
It's not everything you want
It's everything you get, believe it
It's not worth leaving Yeah, this is life once again
It's been knockin' at your door
You ought to let it in, don't waste it
It's time you faced it This is life
This is life, ooh yeah
Don't let it pass you by, pass you by, yeah
It's time you faced it It's time to turn around
And face it
