Like Robots

Bis

Hear that laugh, I think it's at me
Didn't I follow it closely
Fingers point, yes at me mostly
Eyes that stare it seems continually
Cut you open wide
Take a look inside
It seems they own me mentally
Killing me almost directlyWe all behave like robots
Left right don't put a foot wrong
We all behave like robots
Marching til I sing this songHiding in a large cracking shell
Can no one hear you scream for help
Stay in line don't dare you repel
Hypnotized caught under their spell
Grab you by the hair
Resist if you dare
Defy them all, escape this hell
Lets brave it try to be your own self
