

Bullshit Ballad

Kevin Drew

Heard you on the radio
Heard you on the radio
What a bullshit ballad
Heard you on the radio
What a bullshit ballad
Heard you on the radio
What a bullshit balladInside is what you hide
I dont need your lies
But you creeping to the sun
I heard you on the radio
Every night I hear the horrible tragedy
Heart spoken addictYour soul is whats sad
Heard you on the radio
Heard you on the radio
What a bullshit ballad
Heard you on the radio
What a bullshit ballad
Heard you on the radio
What a bullshit ballad
