

# This War Is Ours (The Guillotine II)

## Escape the Fate

We have to find a better way  
Out of this tragedy  
As the battle rages on  
Blood stains the ground we're on  
My ears ear only screams  
brave soldiers are dying  
One spartan stands alone and shouts  
This War is Ours  
This War is ours

Yes, I will see you through the smoke and flames  
On the front lines of war  
(We have to find a better way)  
And I will stand my ground until the end  
till we conquer them all  
(we have to find a better way)

Through the fire and the flames  
a sea dead,  
drives men insane  
We march the fight into the cold,  
you shoot it as far as it will go  
the battle ends on top of here,  
this is where we conquer fear  
on blackout armed with our swords  
This War is ours  
This War is ours

Yes, I will see you through the smoke and flames  
On the front lines of war  
(We have to find a better way)  
And I will stand my ground until the end  
till we conquer them all  
(we have to find a better way)  
till we conquer them all

Yes, I will lead you  
through the smoke and flames  
On the front lines of war  
And I will stand my ground

until the end till we conquer them all  
We will conquer them all  
We will conquer them all  
We will conquer them all

This war is ours  
This war is ours

Yes, I will see you through the smoke and flames  
On the front lines of war  
And I will stand my ground until the end  
till we conquer them all  
(Oh)  
So I will fight my battle  
till I fall and I conquer them all  
till we conquer them all  
(Oh)

Go  
Yeah

This is war  
war  
war  
war  
war  
war  
war  
war  
this is war!
