

Start the Day Right

[Alan Hawkshaw](#)

I'm sure I was dreaming or was I just tired?
A chance to start the day right... of morning, so many quiet, someone hoping to be outside
...the signs, voice on the ...
I just remembered how you got here Each morning, he'll be asking you to come
The ... fall,
Switch places, with the worst mistake that you've made
That way ... down.
