

Love Letter

Bonnie Raitt

Sittin' in front of your house
Like rain in early dawn
Girl I'm workin' on a love letter
I got my radio on Got my eye on your window pane
And I smoked a lot of cigarettes
Mercy, mercy but love is strange, yeah
And you haven't even kissed me yet Look comes to push
Push comes to shove
Shove comes to touch
Touch will come to love Workin' on a love letter
Listenin' to a love song
I'm writing you a love letter, love letter
Got my radio on, radio Come on and get my message babe
'Cause somebody gonna have let me in
It's real in your neighborhood
If this is more than I'm gonna bend Look comes to push
Push comes to shove
Shove comes to touch
And touch will come to love Why don't sit waitin'
Why don't behavin'
Love's waiting in the car
In the car and rain now Workin' on a love letter
Listenin' to a love song
I'm writing you a love letter, love letter
Got my radio on radio, radio Workin' on a love letter
Listenin' to a love song
I'm writing you a love letter, love letter
Got my radio on radio, radio Workin' on a love letter
Listenin' to a love song
I'm writing you a love letter, love letter
Got my radio on radio, radio
