

Take Me to the Water

[Nina Simone](#)

Take me to the water
Take me to the water
Take me to the water
To be baptized So none but the righteous
None but the righteous
None but the righteous
Shall be saved So take me to the water
Take me to the water
Take me to the water
To be baptized I'm going back home
I tell you going back home now, going back home
Can't stay here no longer
So I'm going back home, going back home now
Going back home
To be baptized
