

Stop the Bus

Osker

I'll always have that weak spot
And you'll always hit me there
And I know, I know, I know
You'll use it against me
Why do you wanna ruin what I got?
'Cause you've never done anything
So let's trip over that speedbump
Just so we could say we did it
I know we'll quit then
Why do you wanna ruin what I got?
'Cause you've never done anything
Stop the bus
