I Like

Guy

I like girl words can't express the way I feel for you
I like the way you hold me, the way you touch me
I like girl everything you do to me, you know I like it
I like don't stop now, I likeOh, my dreams are now reality
Each and every time you are here with me
The touch, you give me with your hands
When you caress my skin I'm under your commandGirl you hypnotize me with your eyes
It took me some time, but now I realize
It's you, to whom which I belong
I love it, the feeling's getting strongI like the things you do to me
I like it brings out ecstasy
I like it really turns me on
I like the feeling's getting strongOh girl, you are my lover
When I'm with you, there is no other
A spell, you've got me under
Please don't you leave, I'm on my hands and kneesWords, can't express the way I feel
Emotions for you are so real
Girl, you love me over over again
Don't stop, please don't let it inI like the things you do to me
I like it brings out ecstasy
I like it really turns me on
I like the feeling's getting strongYou know I love it, hey girl, you know I care
Sugar, you know I love it babyBaby I like it, sugar I love you
Oh, love you, oh
Baby I like you, hey hey I like you, you
Baby I love youI like it hey baby, I like it, oh sugar
Oh I like it, that's the way life turns to like
Like turns to love, oh baby
You keep me safe and warmI like it, pretty baby
I like it, lil' sugar, I like it, pretty baby, pretty baby give it to me, ooo
I like it, oh baby, I like it oh baby

The way you kiss me I belong
