

She's a Machine

Elvis Presley & The Jordanaires

Well she's a.
Earth quakin', hip shakin',
soul breakin', love makin'
Machine... hey hey!
She's a mad stalkin',
smooth talkin', slow walkin' cat
You know what I mean.hey hey!She'll wrap those arms around you
Like a grizzly bear
She'll kiss you every fifteen minutes
And lets you up for air
Cause she's a earth quakin', hip shakin'
Soul breakin', love makin', machineAll right!Well she's a Wild movin',
smooth groovin', clock tickin', love makin'
Machine... hey hey!
She's a real breezin',
rough squeezin', hell teasin' cat
You know what I mean... hey hey!
She'll leer and make you like it
Sweet as she can be
She'll make you blow your mind before
You count to one-two-threeCause she's a earth quakin', hip shakin'
Soul breakin', love makin', machine
