

# As One

## Warzone

We must be together  
Fight the good fight  
I won't be fucked around  
No more  
Got to show society  
We're right  
We must be united, as one (4x)  
Always stick by your friends  
They'll be there til the end  
United as one cause they'll try to shut us out  
Now it's time to hear us outWe must be united as one (4x)  
Think for yourself now  
United we stand  
Divided we fall  
"You got to keep the faith"
