

Paranormal Love

Ghost Town

You're the prettiest ghost I ever did see
Can you possess me
Can you come out of the white sheet
And invite me, you excite me I never thought that this was possible
I never thought that this could be
But we both know what this is This is a paranormal love
I'm keeping one foot free
Through this EVP
This is a paranormal love
You're really scaring me
I'll meet you halfway with one foot in the grave
Real (real)
(Real, real)
One foot in the grave
(Real, real) R.I.P. to the old me
Once I left that abandoned building
I was set free
You convince me
Sweet apparition
I'm missing you (you) We're out of control
I wanna know
I wanna know you feel it too
So who did you love, who did you hate
I'm just-just dying to know This is a paranormal love
I'm keeping one foot free
Through this EVP
This is a paranormal love
You're really scaring me
I'll meet you halfway with one foot in the grave
Real (real)
(Real, real)
One foot in the grave
(Real, real)
One foot in the grave
Real (real)
(Real, real)
One foot in the grave
(Real)(Real, real)
(Breaking through the static)

Breaking through the static
Onto the after life, on the other side (Ooh ooh ooh ooh)
Let's not be dramatic (Ooh ooh ooh)
From the grave you came
And you gave me life (Oh oh oh ooh ooh)
I think that this is
(I think that this is)
I know that this is
(Paranormal love)(Paranormal love)This is a paranormal love
I'm keeping one foot free
Through this EVP
This is a paranormal love
You're really scaring me
I'll meet you halfway with one foot in the grave
Real (real)This is a paranormal love
I'm keeping one foot free
Through this EVP
This is a paranormal love
You're really scaring me
I'll meet you halfway with one foot in the grave
Real (real)
(Real, real)
One foot in the grave
(Real, real)
One foot in the grave
Real (real)
(I'll meet you halfway, halfway)
One foot in the grave
