## Barren Earth

ten feet high  
i cant fly and  
stand on face down  
cant be gone  
fell for just not  
missing mu luck  
i have the figure of virgin mary

i cant stop my fall for your eyes  
not for an hour  
and not for your smile  
please dont be late  
cause you know i cant wait  
and dont complain and be insane
