Frenzy

Batmobile

Dig this crazy mood I'm in
Listen to my heart as it starts to spin
When you kiss me do it again I'm in a frenzy
Watch my eyes when you light them up
Listen to me while my heart shakes up
When you touch me I won't rise up I'm in a frenzy

This love gushes from my heart like the water from my mouth
You've been playin' for the tiny part you can really knock me out
Ease my mind with your real cool lines
Ease my soul with love divine
When you say you're mine all mine I'm in a frenzy
I'm in a frenzy yeah yeah
