

# Tongue Tied

## Shura

Your language got me tongue tied  
Do you mind if we speak mine?  
Is there some place we can go hide?  
We wanna but we're too shy(Don't wanna be)  
Don't wanna be alone tonight  
And you're always on my mind  
(Don't wanna be)  
I see the answer in your eyes  
But you need a reason why  
(Don't wanna be)  
I'd rather lose it all for you  
Than regret things I didn't do  
Don't wanna be alone  
Cause you're what I want  
Just say that you want me  
Just say that you want me  
Don't walk away wondering what could have been  
(What could have been)  
When I know you want me  
(I can be what you want)I love that we're different  
You got something that I'm missing  
You keep playing so cool  
Wish I could be like you  
(Don't wanna be)  
Don't wanna be alone tonight  
And you're always on my mind  
(Don't wanna be)  
I see the answer in your eyes  
But you need a reason why  
(Don't wanna be)  
I'd rather lose it all for you  
Than regret things I didn't do  
Don't wanna be alone  
Cause you're what I wantJust say that you want me  
Just say that you want me  
Don't walk away wondering what could have been  
(What could have been)  
When I know you want me  
(I can be what you want)Just say if you want me

Just say if you want me  
Just say if you want me  
Just say if you want me  
Just say that you want me  
Just say that you want meJust say that you want me  
Just say that you want me  
Don't walk away wondering what could have been  
(What could have been)  
When I know you want me  
(I can be what you want)  
Just say that you want me  
Just say that you want me  
Don't walk away wondering what could have been  
(What could have been)  
When I know you want me  
(I can be what you want)
