Check, check, check, check, check it out
Party!

The natives are restless tonight
The natives are restless tonight
They be partyin' down
All they do all night and day
Is party down
They just like to party down
All they do all night and day
Is party down
All they do all night and day
Is party down
They just like to party down
Hey Curtis

Do you wanna party down. Let's go, let's go, let's go. Do you wanna party down
