William the Conqueror

Mighty Sparrow

I am sure you heard the story between big brain and big belly
I am sure you know the story between the brain and the belly
Well, Sparrow ainâ€™t fraid to talk
Who doh like it could take a walk
Fight finish no bruise, not cuts
But a man fall down on he guts

Chorus
People bawling, praise little Eric, rejoice and be glad
We have a better future here in Trinidad
PNM, it ainâ€™t have nobody like them
For they have a champion leader, William the Conqueror

I am no politician but I could understand
If it wasnâ€™t for brother Willie and his ability
Trinidad wouldnâ€™t go, neither wouldnâ€™t come
We used to vote for roti and rum
Nowadays we eating with all the Indians and them
And in the ending we voting for PNM

Many lives were in danger
They murder the stranger
Then they went and threaten the doctor
Concerning his daughter
Well, he was the man for us because he didnâ€™t make no fuss
But then he had the place going wild
When â€¦ big belly making chile
