

Hold Me

Weezer

I am terrified of all things
Frightened of the dark
I am You are taller than a mountain
Deeper than the sea
You are Hold me
Hold me
Take me with you 'cause I'm lonely I was closer to you back then
I was happier
I was You are fading further from me
Why don't you come home to me? Hold me
Hold me
Take me with you 'cause I'm lonely I am
I am
Cold
Hold me Hold me
Hold me
Take me with you 'cause I'm lonely Hold me
Hold me
Take me with you 'cause I'm lonely Hold me
Hold me
