Famous

Marques Houston

Hit the lights Im bout to set that move
This is your fair warning
Baby keep better for what Im bout to do to youYoure gonna see your name in bright lights
While I got you screaming my name and going insane
In the paparazzi flash lights
As Im giving you pain, youre feeling my famous love yeahChorus:
Your body against mine
Making you mine as youre feeling my famous
Slips yeah all over your body baby
Cant you feel it famous fingers
Knowing youre mine
Tonight youre gonna feel my famous love, famous kiss, famous thing
Oh yeah yeah yeahCause Ive been waiting all day for you
I know you heard about me but my neighbors gonna hear you
Now that I got you here baby, Im not gonna waste no time, yeah
Youre gonna see your baby in bright lights
While I got screaming my name and going insane
In the paparazzi flash lights
As Im giving you pain, youre feeling my famous love yeahChorus:
Your body against mine
Making you mine as youre feeling my famous
Slips yeah all over your body baby
Cant you feel it famous fingers
Knowing youre mine
Tonight youre gonna feel my famous love, famous kiss, famous thing
Oh yeah yeah yeahIm taking you in places you never seen
I bet youre being over lights temptation girl
And what you got make me believe gotta show
Now I know I got you feeling my famous loveChorus:
Your body against mine
Making you mine as youre feeling my famous
Slips yeah all over your body baby
Cant you feel it famous fingers
Knowing youre mine
