

# When It's Time

## Green Day

Words get trapped in my mind  
I'm sorry I don't take the time to feel the way I do  
'Cause the first day you came into my life  
My time ticks around you,  
But then I need your voice  
As a key to unlock all the love that's trapped in me  
So tell me when it's time to say I love you  
All I want is you  
to understand  
That when I take your hand, it's 'cause I want to  
We are all born in a world of doubt  
But there's no doubt I figured out I love you  
I feel lonely for  
All the losers that will never take the time to say  
What's really on their mind instead they just hide away  
And yet they'll never have someone like you  
To guide them and help along the way
