

You'll Never Be The Sun

Emmylou Harris

You'll never be the sun turning in the sky
And you won't be the moon above us on a moonlit night
And you won't be the stars in heaven although they burn so bright
But even on the deepest ocean you will be the light You may not always shine as you go barefoot over stone
You might be so long together or you might walk alone
And you won't find that love comes easy but that love is always right
So even when the dark clouds gather you will be the light
And if you lose the part inside
When loves turns round on you leaving the past behind
Is knowing you'll do like you always do holding you blind keeping you true
[guitar]
You'll never be the sun...
You will be the light you will be the light
