

# Let Me Through

## The Dead Weather

Lovin' is a wild thing  
And if you stand in my way  
I'm gonna bully bully bully  
Bully till I'm freeThe apple is shining  
Like glass on a highway  
Devotion is salt in, salt in  
Any wound of my sayI got a bloodhound tooth, hanging like a dagger in a bar back west  
If you try and pull it down, you know I'll save all my bestShots for you  
Boom, boom, boom  
Shots for you  
Boom, boom, boomTrouble is my heart twin  
Oh, I shovel as I sing-sing  
I'm gonna dig it till I cut through  
Heaving on the whole thingThe moon is mindless  
But its pulling is timeless  
I'm gonna bully-bully like this, hike this  
Until my path is windlessI'm a bad man, let me through, I'm a bad man, let me through  
I'm a bad man, let me through, I'm a bad man, let me throughI got a bloodhound tooth, hanging like a dagger in  
a bar back west  
If you try and pull it down, you know I'll save all my bestShots for you  
Boom, boom, boom  
Shots for you  
Boom, boom, boomOoh, no one knows better than  
Ooh, than the wrecker and the wrecked man  
Ooh, don't need no protector, I'm a bad man, let me throughI'm a bad man, let me through, I'm a bad man, let  
me through  
I'm a bad man, let me through, I'm a bad man, let me through, owI got a bloodhound tooth, hanging like a  
dagger in a bar out west, yeah  
And if you try and pull it down, you know I'll save all my bestShots for you  
Boom, boom, boom  
Shots for you you you  
Boom, boom, boomOoh  
Ooh  
Ooh
