We have our orders, they're never wrong, sir
We have our orders, they're never wrong

Oh now, be quiet, I ask you natives (?)
The institutions are on the brink now
Oh revolution, it's getting late now
1848 now! 1848!

No time for yoga, those are closing (?)
They're on the way now, and naughty native (?)
You think you're traveling, but you're not traveling
1848 now! 1848!

Oh now be quiet, it's up to you kids
They institutions are on the brink now
Oh revolution, it's getting late now
1848 now! 1848!
