She's In Parties

Bauhaus

Learning lines in the rain
Special effects by lunatic and drinks
The graveyard scene
The golden yearsShe's in parties
It's in the can
She's in parties
It's in the canFreeze frame screen kiss
Hot heads under silent wigs
Fall guys tumble on the cutting room floor
Look-a-likes fall on the cutting room doorShe's in parties
It's in the can
She's in parties
It's in the canLearning lines in the rain
Special effects by lunatic and drinks
Freeze frame, screen kiss
Hot heads, lights and power
It's patently obviousShe's in parties
It's in the can
She's in parties
It's in the canHot lines under a rain of drum
Cigarette props in action
Dialogue dub, now heres the rub
She's acting her reactionShe's in parties
It's in the can
She's in parties
It's in the canLearning lines in the rain
Special effects by lunatic and drinks
Freeze frame, screen kiss
Hot heads, lights and power
It's patently obviousShe's in parties
It's in the can
She's in parties
It's in the canShe's in parties
She's in partiesHappy days are here again
