Sleep Together

Porcupine Tree

This means out
This is your way out
Do or drown
Do or drown in torporLeave no trace
All my files, erased
Burn my clothes
Burn my Prada trainersLet's sleep together right now
Relieve the pressure somehow
Switch off the future right now
Let's sleep foreverThis is fate
This is your escape
Leave here now
Leave here now it's overLet's sleep together right now
Relieve the pressure somehow
Switch off the future right now
Let's sleep forever
