Say It Like That

Abra Moore

Say that you like that
Say that you would, say you will
Say all the things that you never could
Say what you want, say what you feelC'mon, tell it to me like that, tell it to me light
Tell it to me right, could you tell it to me this time?
Tell me, how you're wanting to take me
And how you're planning to steal my heart away, oh yeahHoldin' your breath again
You're holdin' on, holdin' on, I can feel it
Holdin' your breath again
Someday you're gonna have to let it goYeah, you've got me
Hidin' behind your blue, curtain blue curtain of love
Yeah, you've got me
Hidin' behind your blue, curtain blue curtain of loveI wish it could be all that easy and free
Wish it could, wish it could
We could break down all of these lines
Break 'em down, break 'em downSo I keep all my treasures
In this big old box
Let me show them to you
To youC'mon say that you like that
Say that you would, say you will
And say all the things that you never could
Say what you want, say what you feelC'mon tell it to me like that, tell it to me light
Tell it to me right, could you tell it to me real this time?
Tell me how you're wanting to take me
And how you're planning to steal my heart awayWell I wish it could be all that easy and free
Wish it could, wish it could
We could break down all these linesSay that you like that
Say that you would, say you will
Say, say all the things that you never could
Say what you want, say what you feelC'mon tell it to me like that, tell it to me light
Tell it to me right, could you tell it to me real this time?
Tell me how you're wanting to take me
And how you're planning to steal yeah, my heart awayC'mon
Ooh la la la la la la la la la la la la la la
Ooh la lay yeah, just like that
Ooh la la la la la la la la la la la la la la
Ooh la lay yeah, really coolOoh la la la la la la la la la la la la la la
Ooh la lay and I know you would
Ooh la la la la la la la la la la la la la la

Ooh la lay and you know I would learn
