

FaLaLaLaLove Ya

[Nikki Lane](#)

I've got a secret and it's time for you to know
I want to wrap you up with a big red bow
And if I had my way there be mistletoe everyday

I falalala falalala falalalalove ya
I falalala falalala falalalalove ya

I use to think that I'd always be alone
But ever since I saw you
I see us in the snow
Both walking in hand and hand
In a lovely winter wonderland

I falalala falalala falalalalove ya
I falalala falalala falalalalove ya

Well, this Christmas I'll be wishing for just two gifts
Waking up next to you to one sweet kiss
And if this ain't love
Then love just don't, don't exist now

I falalala falalala falalalalove ya
I falalala falalala falalalalove ya

I falalala falalala falalalalove ya
I falalala falalala falalalalove ya

I love ya
I love ya

I falalala falalala falalalalove ya
I falalala falalala falalalalove ya
