

# Red Flags And Long Nights

## She Wants Revenge

Sick of trying to find a way inside  
Sick and tired of all the after  
Sick of trying to find a way to slide  
Even though it always ends in laughter It's never hard to tell when things are done  
She looked into my eyes and a voice said run  
She says that I'm a mess but it's alright  
Whether it's 2 weeks, 2 years or just tonight And you can occupy my every sigh  
You can rent a space inside my mind  
At least until the price becomes too high I can find a reason that we should quit  
I can find a reason to do it  
I can find excuses for all my shit  
She tells me just to work right through it She's pretty and I like her but she's too well  
'Cause I need red flags and long nights and she can tell  
It's not that it's my fault, it's just my style  
Beginning with a look and then a smile And you can occupy my every sigh  
You can rent a space inside my mind  
At least until the price becomes too high And you can occupy my every sigh  
You can rent a space inside my mind  
At least until the price becomes too high She don't need a thing, she don't need saving or a lay  
She's got all the friends around and you can hear them say  
He's not into you, he's into the idea of?  
But little do they know that she's not through And you can occupy my every sigh  
You can rent a space inside my mind  
At least until the price becomes too high And you can occupy my every sigh  
You can rent a space inside my mind  
At least until the price becomes too high
