Enemy

Scars on Broadway

I know it's really hard to see
That we are the enemy
I know it's really hard to see
That we are the enemy of the earthThey'll fuck you, then they'll fuck themselves
They raise the flag that Jesus sells
They'll fuck you, then they'll fuck themselves
They raise the flag that Jesus sellsI know it's really hard to see
That we are the enemy
I know it's really hard to see
That we are the enemy of the earthWe're on drugs, we're on drugs
We're all on drugs
We're on drugs, we're on drugs
Baby, we're all on drugs
Do you like drugs?I know it's really hard to see
That we are the enemy
I know it's really hard to see
That we are the enemy of the earth
We are the enemy of the earth
We are the enemy of the earth
