

# Step Out

## Oasis

What she said she said to me  
Take me high on a mountain side  
She was dressed up in leopard skin  
And her soul would never be denied I met her down the disco in a beat up car  
She was burning down the road  
She looked just like a star with a Jaguar  
She needs to lighten her load And when you might  
Think you're gonna cry  
It will be all right  
Step out tonight You might  
Think you're gonna cry  
It will be all right  
Step out tonight What I said I said to her  
I'm alive when you walk that way  
Can you hear what I can hear ?  
It's the sound of a brand new day She met me down a disco in a beat up car  
I was burning down the road  
I can be a star in a Jaguar  
I need to lighten my load Because you might  
Think you're gonna cry  
It will be all right  
Step out tonight You might  
Think you're gonna cry  
It will be all right  
Step out tonight My whole life still sinking in the water  
I need a ship not your sweet lip tonight You might  
Think you're gonna cry  
It will be all right  
Step out tonight You might  
Think you're gonna cry  
It will be all right  
Step out tonight And if you might  
Think you're gonna cry  
It will be all right  
Step out tonight And when you might  
Think you're gonna cry  
It will be all right  
Step out tonight Step out tonight  
Step out tonight

Step out tonight  
Step out tonight  
Step out tonight  
Step out tonight  
Step out tonight  
Step out tonight  
Step out tonight  
Step out tonight  
Tonight tonight tonight  
Tonight tonight tonight
