

Who I Am

Rex Goudie

For so long I was so weak
Couldn't let anyone inside
When I was down on my beliefs
Is when I fell into your eyes
You changed the way I think
My head was lost right out in space
My soul began to sink
You put a smile back on my face Now I'm finally getting over
You turned my world around
You have me the strength I found
Now I've learned to take the bad things
Turn 'em into something good
So I hope you understand
That you made me who I am Everyday there's a new struggle
With every unexpected turn
Try to stay away from trouble
Unless you're liking to get burnt Now I'm finally getting over
You turned my world around
You have me the strength I found
Now I've learned to take the bad things
Turn 'em into something good
So I hope you understand
That you made me who I am I was lost
How do I thank you
For making me who I am
You made me, you made me, you made me,
You made me
You made me who I am Now I'm finally getting over
You turned my world around
You have me the strength I found
Now I've learned to take the bad things
Turn 'em into something good
So I hope you understand
That you made me who I am
