Four Leaf Clover

Abra Moore

See, I've been thinking it over
It's all just a little too much
You see I've got this four leaf clover
It's gotta bring a little luckYeah
Uh huh
(It's got the best of me)
Yeah
(You're such a price to me)
Uh huh
(It's got the best of me)So I let go of all of the big deals
I let go of the bitter dream
You see the girl in the pretty white picture
Well it's never what it really seemsYeah, uh huh
Yeah, uh huhMy mind is always racing
And my body's on overload
She got my heart in the middle of a feeling
I've got no place to goYeah, uh huhSee, I've been thinking it over
It's all just a little too much
You see I've got a four leaf clover
It's gotta bring a little luckI'm running but I've got nowhere to be
But I'm alrightI'm running, it's got the best of me
But it's alrightSee, I've been thinking it over
It's all just a little too much
You see I've got a four leaf clover
It's gotta bring a little luck, oh yesSaid, I've been thinking it over
It's all just a little too much
You see I've got a four leaf clover
It's gotta bring a little luckSaid, I've been thinking it over
It's all just a little too much
You see I've got a four leaf clover
It's gotta bring a little luck
