Heaven Baby

Brooke Hogan

[Beenie man]Beenie man comin' to ya
We meet again
This is Beenie man
Introducing to you Brooke Hogan
[Brooke Hogan]I could be your flower baby
I could be your heart baby
I could be your power baby
I can make you smile baby
I can make you dance baby
I can make you sing baby
I could set you on fire baby
I could be your star baby
I am your kind i live a real good life
But something is missing
In my paradise
Boy you hold the key
I saw you in my dreams
Like an angel without wings
I want you here with me
(picture)picture You and me in the breeze
You and me in the trees
You and me floating
To heaven baby
To heaven baby
You and me in sea
You and me running
You and me floating
To heaven baby
To heaven baby
I could be your remedy
And give you the good shit you need
I could make it better baby
I know these things
I could wear you on my sleeve
Even when you're makin' me bleed
I love it when ya down on your knees
That's when you need me baby
I am your kind i live a real good life
But something is missing

In my paradise

Boy you hold the key
I saw you in my dreams
Like an angel without wings
I want you here with me
(picture)picture You and me in the breeze
You and me in the trees
You and me floating
To heaven baby
To heaven baby
You and me in sea
You and me running
You and me floating
To heaven baby
To heaven baby
I wanna be the one that you call
Be the one above all
Be the one that you want for life
Be the one that you call
Be the one above all
Be the one that you want for life
[Beenie man]***RAP PART***
(picture)picture You and me in the breeze
You and me in the trees
You and me floating
To heaven baby
To heaven baby
You and me in sea
You and me running
You and me floating
To heaven baby
To heaven baby
Wherever you are my baby
Whatever you need my lady
Girl you drive me crazy
Be my baby
Whatever you want my baby
Whatever you say my lady
Girl you drive me crazy
Be my baby
