

A Million Tears

Kasey Chambers

Take my hand
Break my stride
Make me smile
For every time I've cried Hold my heart
In the palm of your hand
Don't listen to it breakin'
Just listen to the band Do you wanna ride in my car?
Its parked out on the street
Or just stay with me a while
Before I fall asleep? Take these tears
Wash your skin
I'm havin' trouble breathin'
Since you walked in My hands are tied
My head is reelin'
My eyes have cried
A million tears
From wishin' you were here All my life
I've welcomed pain
I've made up more excuses
To bring it back again Now I'm here
And I'll drink to the shame
I'll drink to the madness
That made me this way My hands are tied
My head is reelin'
My eyes have cried
A million tears
From wishin' you were here Take these tears
Wash your skin
I'm havin' trouble breathin'
Since you walked in
