

This Moment In Time

Engelbert Humperdinck

More than a ripple, less than a splash
The heir to a long line of glory
Give me the moment and I'll give you a song
It's so good bein' part of the story This moment in time, this right time of day
Oh, I love bein' with you and watchin' my life at play My love in your eyes is lightin' my dreams
And the feelings you choose
Have touches of blues and greens This trip into time, this timeless embrace
I'm like a kid in a store
I'll always want more to taste And no matter what comes
I know the sun is gonna shine
Because of you and me, there'll be this moment in time And no matter what comes
I know the sun is gonna shine
Because of you and me, there'll be this moment in time More than a ripple, less than a splash
The heir to a long line of glory
Give me the moment and I'll give you a song
It's so good bein' part of the story This moment in time, this right time of day
Oh, I love bein' with you and watchin' my life at play And no matter what comes
I know the sun is gonna shine
Because of you and me, there'll be this moment in time
