

Take a Bullet

Shirin

Take a bulletBang, Bang, Bang
Honey shot you down, down
Ring a ding ding
Honey hit the ground, ground
It's all bruises from here honey you're losing yourPow, Pow, Pow
I just knocked you out out
Down, down, down
Honey ain't it sour now
Take a bullet for me my sweet valentine crushThis love can be hit or miss
Bye bye baby give me one last kiss
Oh please
Take a bullet for meTick, Tick, Tock
That's your beating heartbeat
Stomp, stomp, stomp
Hear you moving your feet
There's no escaping from here honey you're wanting toRun, Run, Run,
Getting up and on now
Dum, dum, dum
There's one thing I want though
Take a bullet for me my sweet valentine crushChorus
This love can be hit or miss
Bye bye baby give me one last kiss
Oh please
Take a bullet for meIt's all black but you look so white
Bye bye baby don't put up a fight
Oh please
Take a bullet for meI'll take a shot in the dark
You may not make your way back to my heart
Let's make this moment ours
It's safe to say
I'll say bye bye to youThis love can be hit or miss
Bye bye baby give me one last kiss
Oh please
Take a bullet for meIt's all black but you look so white
Bye bye baby don't put up a fight
Oh please
Take a bullet for me
